

Project title: Faculty Schedule Management System

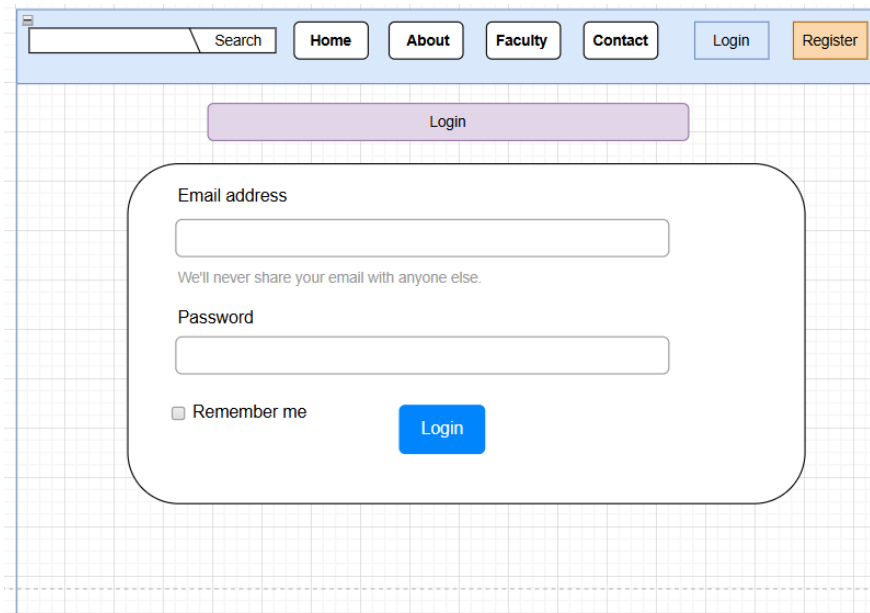

Project Description:

We are trying to maintain the schedule of faculty on an hourly basis. Admin can confirm the schedule, make the changes in the schedule, and manage a schedule for the next day. That managed schedule for a day can be referred by the trainer and student.

UI pages:

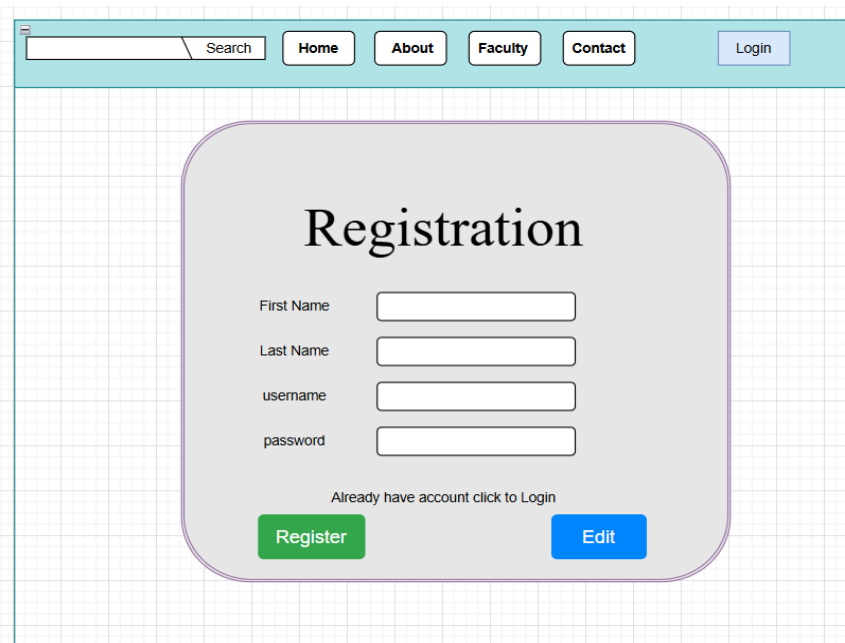

1. Home Page :

a) Login

The login form is displayed within a browser window. The header bar is light blue and contains a search input field, navigation links for Home, About, Faculty, and Contact, and buttons for Login and Register. The main content area has a light blue background with a grid pattern. A purple rounded rectangle contains the text 'Login'. Below this, a white rounded rectangle with a purple border contains the login fields: 'Email address' with a text input, a note 'We'll never share your email with anyone else.', 'Password' with a text input, a 'Remember me' checkbox, and a blue 'Login' button.

b) Register

The registration form is displayed within a browser window. The header bar is light blue and contains a search input field, navigation links for Home, About, Faculty, and Contact, and a Login button. The main content area has a light blue background with a grid pattern. A large white rounded rectangle with a purple border contains the title 'Registration'. Below the title are four input fields: 'First Name', 'Last Name', 'username', and 'password'. At the bottom of the form, there is a link 'Already have account click to Login', a green 'Register' button, and a blue 'Edit' button.

b) Course Details

The screenshot shows the 'Faculty Scheduler' application with the 'Student' role selected. The navigation bar includes a search bar and buttons for Home, Contact, Login, and Register. The left sidebar contains links for Dashboard, View Schedule, Course Details (which is highlighted), and Profile. The main content area, titled 'Your Registered Courses', displays two identical course entries for 'Rohan Parmare. [core java]'. Each entry includes a description: 'In the Module course, we are mainly focused on OOPS concepts,JDBC, Multithreading' and a start date/time: 'Started Date:15/10/2023 Time Slot:9.30AM'. A 'Register' button is located at the bottom of the course list.

c) Teacher Details

The screenshot shows the 'Faculty Scheduler' application with the 'Admin' role selected. The navigation bar includes a search bar and buttons for Home, About, Faculty, Contact, Login, and Register. The left sidebar contains links for Add New Faculty, Add New Courses, View Student Details, View Faculty Details (which is highlighted), and Confirm Schedule. The main content area, titled 'Admin', displays a form for adding a new faculty member. The form includes a circular 'Faculty Image' placeholder, a 'Faculty 1 Full Name' field, an 'Experience' field, a 'Course 1 Name' field, a 'Description' field, an 'Hourly Fees' field, a 'Time' field, a 'Starting Date' field with a calendar icon, and an 'Ending Date' field with a calendar icon. At the bottom of the form are 'Submit', 'Edit', and 'Cancel' buttons.

d) Profile

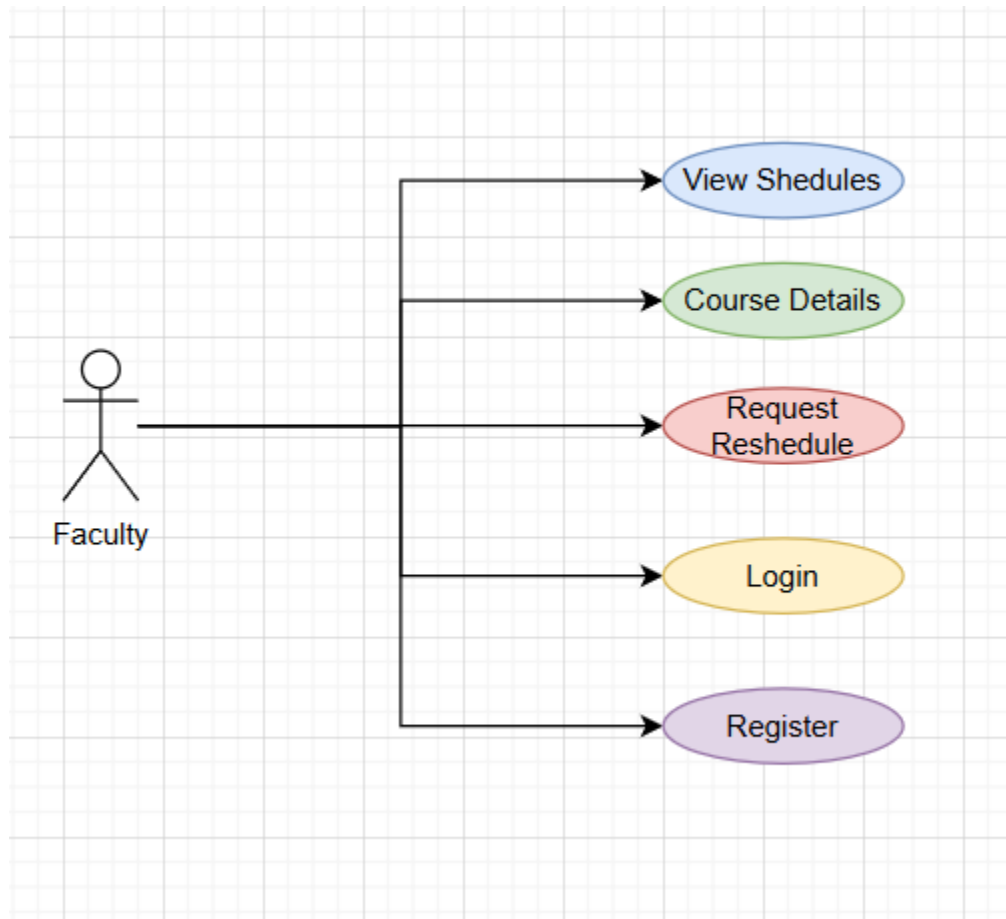

The screenshot shows a web application titled "Faculty Scheduler". At the top, there is a navigation bar with a search box and buttons for Home, About, Faculty, Contact, Login, and Register. Below this, a green banner identifies the user as a **Student**. On the left, a dark sidebar menu contains links to Dashboard, View Schedule, Course Details, and Profile. The Profile link is highlighted with a line pointing to the main content area. The main content area is a form for student profile information, organized into two columns. The left column contains fields for First name (Mark), Stream, Email, City, Course Name, and Course Enrolled On. The right column contains fields for Last name (Otto), State (a dropdown menu), Contact Details (+91), Address, Username (@), and Course Validity.
